From the Journal of Commerce, Friday, January 5: The market for Brazis remains much as at last report. There are buyers who are ready to pay out quite full rates, but importers offer only a moderate quantity of stock, and are very firm in their views. We learn of sales in Baltimore of \$560 bags Rio. ex New Light, at 18c, gold. In East India coffees we learn of sales of 50 bags government Java on private terms; the telegram from Padang is here not ug the government sale, at which the prices obtained were nearly ten percent, higher than at the September sale; in consequence of this holders feel buoyant. In West India coffees there is an act ve trade from second hands, some 4000 bags Maracalbo have been sold at full rates; but from first hands the lack of stock prevents business. phia, January 3.

their super!ority.

THE "ELIAS HOWE" MACHINE OVER OTHERS! First.—The public know it to be durable. A conclusive evidence is, twenty years have not placed second-hand "HOWE" Machines in the

narket. It cannot be said of any other machine. Second.—It contains the material for its own epair.
Third.—It has less wearing points than any Fourth.—It draws up a stitch as you do by and; others do not. Fifth.—You have perfect control over both Sixth.—It gives of thread in proportion to the thickness of fabric sewed, thereby avoiding sic 7 motion over feams, dropping stitches and breaking of needles—a great objection to all other machines.

coines.

Seventh.—It sews a tight seam in cassimere, burying the thread on either side, and then a tissue paper, without change of tension.

Eighth.—The presser foot is easily swing out of the way when you set a needle or put under work. It is not so with any other.

Among the many "FIRST PREMIUMS" awarded THE ELIAS HOWE SEWING MACHINES, may be mentioned the following:
The International Exhibition of all Nations, London, 1862, a Gold Medal.
New York State Fair, 1866.
Exposition Universelle, Paris, 1867, a Gold Medal.
Cross of the Legion of Honor to Elias Howe,
Jr., as Original Inventor.
Ohio State Fair, 1868.
New York State Fair, 1868.

Recoilect that Mr. HOWE was the Original In-ventor of Sewing Machines, and gave twenty years of his life to perfecting this Machine. EVERY MACHINE IS FULLY WARRANTED

AND SATISFACTION GUARANTEED

IN EVERY CASE.
